THE 2016 MASTER PLAN UPDATE

6.3.2 EMERGENCY RETURN ROAD

The highest priority identified involves the construction of an emergency return road that would connect the commercial compound on the south side of the bridge to the Plaza and bridge approach on the north side of the bridge. The intended use of the proposed road would be to: (a) provide emergency access to the bridge, (b) return commercial and traffic vehicles back to the U.S., (c) allow outbound inspections, (d) allow broker access to outbound commercial, and (e) allow Duty Free delivery vehicles to exit the Plaza.

MAJOR PROJECTS - 2017

Thousand Islands Bridge (*Lansdowne, Ontario*)

- Ongoing Rehabilitation of Concrete Piers (2017-18)

MAJOR PROJECTS - 2017

- Rehabilitation of CBSA Port of Entry (Lansdowne, Ontario)

MAJOR PROJECTS - 2017

Seaway International Bridge (*Cornwall, Ontario*)

- North Channel Bridge Replacement Project (\$74.8M)

MAJOR PROJECTS - 2017

- Completion of Brookdale Avenue and Approaches
- International Road Realignment
